Missed Tests:

If you are unable to write a test for medical reasons or personal crisis, a message must be left with the Teaching Assistant (TA) no later that 48 hrs after the test (official university policy). Also, you must provide appropriate documentation such as a Medical Certificate. A medical certificate will be deemed valid only if it explicitly states that you were incapable of writing the test on the scheduled date. You will NOT be allowed to write a make-up test under any other circumstances. I would advise against writing a test if you are ill because grades will NOT be adjusted after-the-fact to compensate for such circumstances.
