Late Assignments:

Assignments are due at the beginning of class on the due date. Printers not working, computers crashing, misreading the assignment deadlines, wiki page locks, etc. are not acceptable reasons to hand in an assignment late. Regularly back up your work, preferably stored away from your computer! Flash drives can fail catastrophically, so make a second copy.

If you turn in an assignment 10 min to 24 hours late, 10% will be taken off; 24 to 72 hours late, 20%; up to one week late, 30%; up to two weeks late, 50%. As soon as they are completed, please turn in the late assignment. I will use course wiki date and time stamps to discern when an assignment was completed.

Missing a presentation or discussion deadline will result in a 50% grade reduction for that assignment. You are expected to make up the missed assignment the next class period, unless otherwise indicated by the course director.

It is your responsibility to begin working on assignments prior to the deadline. Non-penalized extensions related to illness or family emergencies will only be granted if the situation warrants an extension, at the sole discretion of the instructor. If you wish to avoid a late assignment penalty, the delay must be documented. Late assignments due to non-medical circumstances must be supported by appropriate documentation—death certificates, obituary notices, automobile accident reports, airline/train/bus tickets/receipts for emergency travel, etc. Airline/train/bus tickets/receipts must indicate destination, departure, and return dates. Late assignments due to medical circumstances must be supported by an Attending Physician's Statement from the Office of the Registrar. The Attending Physician's Statement can be downloaded from <http://psyc.info.yorku.ca/>. Please provide documentation within two weeks of a missed assignment.

Feedback:

I want you to succeed in this course! You are encouraged to see me during office hours if you have questions about assignments or your performance in the course, or if you have comments about how the course is being run. I'm also happy to talk about other educational issues, such as whether to attend graduate school and how to improve your writing skills.

Contesting Grades:

If you wish to contest a grade, you must do so in writing. There is a 24-hour waiting period before grade contest requests will be accepted, following the point when you receive your grade. You are expected to reflect on your grade and your work during this period, as well as prepare a strong justification for an adjusted grade. All decisions about contested marks are final; you may not contest the same mark twice. Therefore, it is in your best interest to carefully consider and outline exactly why you think a grade adjustment is justified.

Cheating:

Don't cheat! Cheating and plagiarism not only impair your learning, but also are penalized by the university. If you cheat, you may receive a failing grade for the assignment or the course, or other actions may be taken against you. For university policy on cheating, see: <http://www.yorku.ca/academicintegrity/students/index.htm>
